## Verse #1

**1**                      **4**                      **1**                      **4**  
All my bags are packed I'm ready to go      I'm standing here outside your door  
**1**                      **6m**                      **5**  
I hate to wake you up to say goodbye  
**1**                      **4**                      **1**                      **4**  
But the dawn is breakin' this early morn      The taxi's waitin' he's blowin' his horn  
**1**                      **6m**                      **5**  
Already I'm so lonesome I could cry      [don't hold... direct to next verse]

## Chorus

**1**                      **4**                      **1**                      **4**                      [harmony stays low, no adlib]  
So kiss me and smile for me      Tell me that you'll wait for me  
**1**                      **4**                      **5**  
Hold me like you'll never let me go  
**1**                      **4**                      **1**                      **4**                      [harmony goes higher]  
Cause I'm leaving on a jet plane      Don't know when I'll be back again  
**1**                      **4**                      **5**  
Oh babe I hate to go

## Verse #2

There's so many times I've let you down      So many times I've played around  
I tell you now they don't mean a thing  
Every place I go I think of you      Every song I sing I sing for you  
When I come back I'll wear your wedding ring      [don't hold... direct to next verse]

**CHORUS**      | 5sus... hold ...

**Solo Guitar:** | 5sus | 5 | 5sus | 5 | 5sus | 5 | 5sus | 5 |  
**Both Guitars:** | 1 | 1 | 5sus | 5 | 1 | 1 | 5sus | 5 |

## Verse #3

Now the time has come to leave you      One more time let me kiss you  
Close your eyes, I'll be on my way  
Dream about the days to come      When I won't have to leave alone  
About the time when I don't have to say...
