Verse #1

```
          1   4   2m                    1   4   2m
Red red wine                 go to my head
               1              4                  1...          5!
Make me forget that I        still need her so

          1   4   2m                    1   4   2m
Red red wine                 it's up to you
          1                  4                        1...        5!
All I can do I've done       but memories won't go
                         1       4       1
No memories won't go
```

Bridge

```
          5                          1
I'd have thought             that with time
               4                          1
Thoughts of her would leave my head
        5                           1
I was wrong                  and I find
          4                    5...
Just one thing makes me forget
```

Verse #2

```
          1   4   2m                    1   4   2m
Red red wine                 stay close to me
               1              4                  1...          5!
Don't let me be alone        it's tearing apart
                       4     3m    2m    1...
My   blue   blue heart
```
